

Mobil™ ATF Multi-Vehicle

Step-Type Automatic Transmission Fluid

Premium, full synthetic automatic transmission fluid formulated for step-type automatic transmissions with a wide range of models and technologies in Europe, America and Asia.

Features and Benefits

- Comfortable driving experience in all weather conditions
- Excellent protection of the transmission gears and bearings against wear, rust and corrosion
- Helps prolong transmission service life
- Provides quiet and smooth shift performance
- Exceptional oxidation stability, resistance against sludge and deposit formation contributes to long fluid life
- Supports service fill use in a broad range of 6 to 8-speed step-type automatic transmissions
- Provides warranty protection for GM vehicles requiring DEXRON®-VI as it fully meets or exceeds GM DEXRON®-VI stringent requirements for modern transmissions

Formulated from selected high-quality synthetic base oils combined with an advanced additive system designed to meet the service fill needs of the broadest range of step-type automatic transmissions*.

*Mobil ATF Multi-Vehicle should not be used in DCT and CVT type automatic transmissions. Learn more at www.mobil.co.uk
